

Project: Vehicle Lift Replacement

Objective: Replace the vehicle lift that become inoperable at the end of the 2018-19 school year

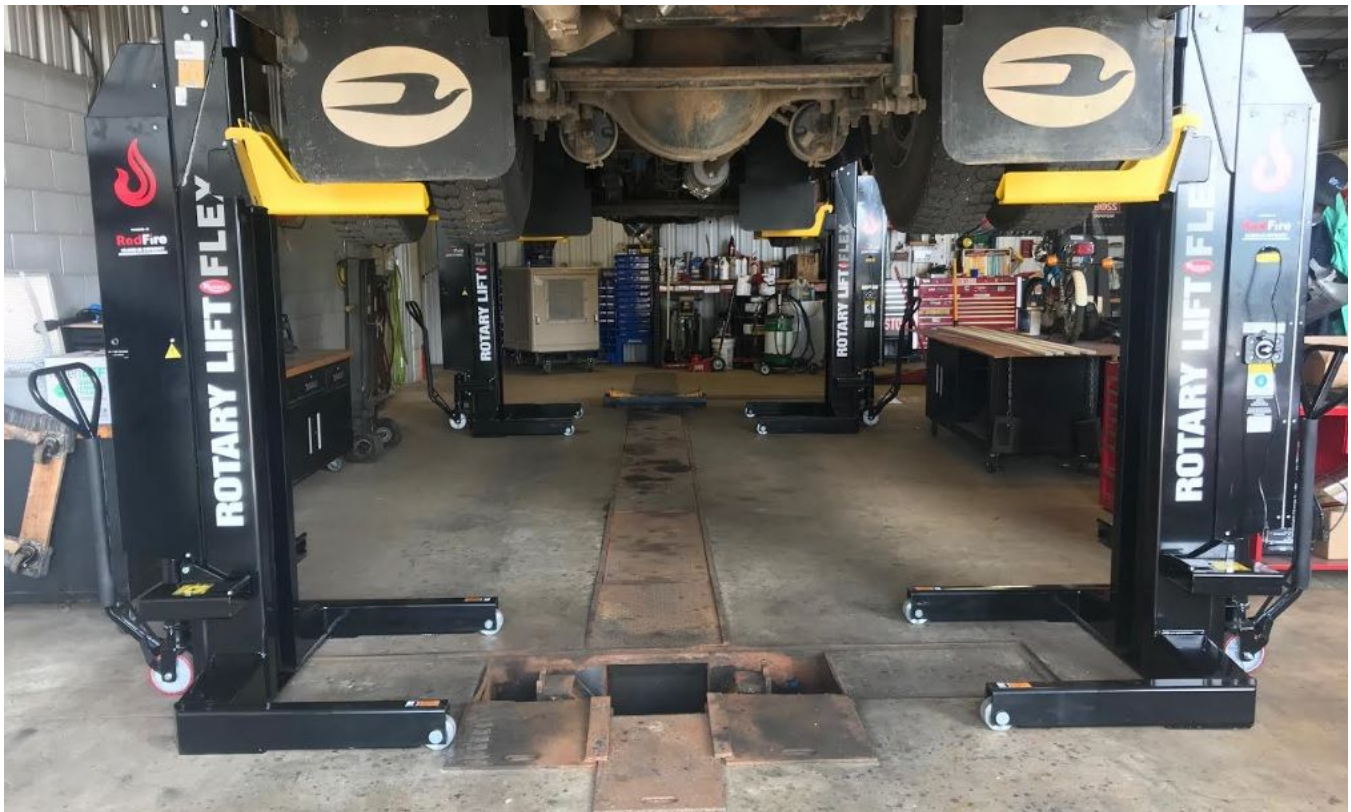

Funding: General Funds

Status: Completed

Projected Completion: August, 2019

Update 8/15/2019: Replace the built in two-post vehicle lift in the SPS bus garage with a new moveable four-post vehicle lift system. The new lift is more stable, raises vehicles up higher, and can be used on different sized vehicles. Additionally, the lift came with four jack stands. Between the lift and the jack stands, we can now lift two vehicles at the same time.

Pictured below: The new four-post vehicle lift system (rated to lift 56,000 lbs).

Pictured below: A side view of one of the four posts from the new four-post vehicle lift.

Pictured below: Two of the four new jack stands (rated for 18,000 lbs each).
