

**Project:** Sturgis High School Marching Band Tower

**Objective:** Safe instructional tower for marching band director

**Funding:** Public Improvement Funds

**Completed:** 2022-2023 School Year

---

Previously, the marching band director (and staff) would climb scaffolding to instruct the marching band from. A high vantage point is required to properly teach band formations. In an effort to improve safety, a tower was constructed (with stairs) for staff to instruct from.

**Pictured below:** Completed marching band tower.

**Pictured below:** Marching band tower after the first stair case had been installed.
